## Questions for Home

Your child saw a production of *The Fixing Girl* at Young People's Theatre and might have some questions or want to talk about the show. Here are some prompts for discussion:

I heard you saw *The Fixing Girl* today at YPT. What was the play about?

Can you describe the set and costumes for me? What did the design of the play remind you of or make you think about?

Describe what it was like to see a live show with other audience members from other schools. Did you like the experience? Why? Why not?

Name three emotions that came up for you during the play. Now that some time has passed, how do you feel about the themes of the play?
